SOFTWARE DEVELOPMENT ENGINEER

Passionate and dedicated coder committed to delivering tasks promptly. An enthusiastic learner who finds inspiration in the saying, "Jack of all trades but master of none, yet better than the master of one."

Outside of work, I enjoy solving Rubik's cubes, playing table tennis, and exploring Indian mythology through reading.

KEY COMPETENCIES

Java/Python/C	MySQL / PostgreSQL	Micro Controllers
Spring Boot Framework	Docker	Html/CSS/JS
Restful APIs	Streams	Team leadership
Postman/Swagger	Spring Security
